

MEDIA = VIRUS

THE MANIPULATION AND FEAR-INDUCED MSM REPORTING IS CONTINUING IT'S VERBAL FEAR SPREADING UNABATED - because it sells

Reporting in the MSM is done to please their masters; governments, the WHO, UN, WEF, EU, Socialism, China and more.

MSM should report the balanced truth and not exclusively their own agenda. Media reports in a certain way because these publications belong to owners who conform to Globalistic & PC thinking and force this down our throats. They create the perception that their reporting is accepted by the majority and is the only version that can be accepted as truth... There is no other side. It's time to expose the rot in the MSM.

QUOTE: There are too many MSM reporters that are activists disguised as journalists

More than 125 000 excess deaths recorded during Covid-19 - SAMRC

And the remaining 82,000? (Covid was approx. 43,000) SAMRC does not show historic data to compare a "normal" year. (excess death calculations requires this info) The table on the right does.

TRUTH?

- The excess deaths were recorded between 3 May 2020 and 23 January 2021.
- The SAMRC said the increase in excess deaths between December 2020 and January 2021 was relentless.
- There has been an apparent decline in the deaths in the most recent week.

South Africa has recorded an excess of more than 125 000 natural deaths during the Covid-19

TRENDING BUSINESS TECH LIFE

SA has now seen 110,000 'excess' deaths - with a sharp rise among the under 60s in recent weeks

Business Insider SA
Jan 25, 2021, 05:03 PM

Where are these excess deaths found in any stats?

- New data from the South African Medical Research Council show 110,000 excess deaths in South Africa May to mid-January.
- Excess deaths measure the total number of fatalities from natural causes compared with the expected death rate in a "normal" year.
- It is expected that the vast majority of these deaths are linked to Covid.
- SA's second wave is far worse than its first - with a near vertical climb in the death rate of those under 60 as well.

Vital statistics [edit]

Stats SA: From 2002 to present [edit]

The following statistics are obtained from the mid-year population estimates published by Stats SA [2021]

	Average population	Live births	Deaths	Natural change	Crude birth rate (per 1,000)	Crude death rate (per 1,000)	Natural change (per 1,000)	Total fertility rates
2002	46,355,083	985,592	581,147	404,445	21.2	12.5	8.7	2.45
2003	46,806,354	992,466	619,789	372,677	21.1	13.2	7.9	2.42
2004	47,310,050	1,058,035	648,774			13.7	8.6	2.54
2005	47,860,360	1,101,649	661,940			13.8	9.2	2.59
2006	48,446,414	1,136,560	671,812			13.8	9.6	2.63
2007	49,088,899	1,170,768	660,794			13.4	10.4	2.65
2008	49,794,560	1,196,587	634,042			12.7	11.3	2.66
2009	50,544,931	1,203,938	602,288	601,650	23.8	11.9	11.9	2.62
2010	51,328,662	1,204,340	574,718	629,622	23.4	11.2	12.2	2.58
2011	52,129,117	1,192,472	551,597	640,875	22.8	10.6	12.2	2.51
2012	52,930,356	1,184,855	550,702	634,153	22.3	10.4	11.9	2.46
2013	53,744,401	1,177,790	538,866			9.9	12.0	2.42
2014	54,406,634	1,184,554	532,761			9.8	11.7	2.39
2015	55,252,336	1,186,863	526,226			9.6	11.6	2.38
2016	57,097,857	1,185,832	530,210			9.3	11.3	2.36
2017	57,939,226	1,182,200	535,401	642,881	20.2	9.2	11.0	2.35
2018	58,775,022	1,178,178	541,493	629,726	19.9	9.2	10.7	2.34
2019	59,622,350	1,174,320	515,804	658,516	19.7	8.7	11	2.33

2020 was not nearly as bad as these years but we all carried on with our lives.

According to the article this figure should be approx. 666,000: (2019 + 125,000)

Deaths due to depression, suicides, hypertension, domestic violence, delayed operations? Yes, only linked to Covid because of deliberate imposed lockdowns and other restrictions

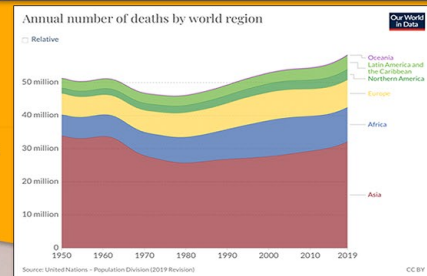

FACTS: Since 2000, around 55-60 million people die annually world-wide. Covid forms a 4% part of all deaths in 2020 or, in other words, 0,03% of the world population (SA - 0,08%). For this we have ruined economies, careers, relations, social wellbeing, businesses and livelihoods. Closed schools. This is an unhealthy balance but sits seemingly fine with MSM.

FACTS: SA has 400 state- and 200 private hospitals. If there are (guestimate) 7,000 hospitalised Covid patients, we have on average only 12 patients per hospital. You could do some investigative journalism for true totals.

WHO STILL PUTS THEIR TRUST IN THE MEDIA? VERY, VERY FEW

What about our basic rights to work, freedom, education & making a living?

Observation: SA death rate seems to steadily decline

But don't despair: the vaccine is here!

California health care worker's death days after COVID-19 vaccine probed

Army Staff, UPDATE
Jan 23, 2021, 11:00 am EST

Odisha man dies after vaccine, Health Ministry says unrelated

Total 9 deaths have been reported so far. None of these deaths have been causally linked with COVID-19 vaccination. In the last 24 hours, one person aged 23 years, a resident of Odisha has died. The post-mortem report is awaited," the ministry said.

MailOnline

EXCLUSIVE: Wife of 'perfectly healthy' Miami doctor, 56, who died of a blood disorder 16 days after getting Pfizer Covid-19 vaccine is certain it was triggered by the jab, as drug giant investigates first death with a suspected link to shot

Like all new drugs, the vaccines that have been authorized to protect against Covid-19 come with some safety concerns and side effects. Many people who've received the first two Western shots deployed, one from Pfizer Inc. and BioNTech SE, and another from Moderna Inc., have experienced fever, headache and pain at the site of the injection. These side effects generally disappear quickly. More worrisome, a small number of vaccine recipients have had a serious, but treatable, allergic reaction, called anaphylaxis. Norway reported deaths among elderly people with serious underlying health conditions following administration of the Pfizer-BioTech shot, but a review by the World Health Organization found no evidence of a connection to the vaccine.

Pharmaceutical company settlement amounts

Let's take a look at the top 10 pharmaceutical settlements, in order of dollar. These can include a combination of criminal fines and civil settlements:

Company Amount of penalties Year

GlaxoSmithKline \$3 billion 2012

Pfizer \$2.3 billion 2009

Johnson & Johnson \$2.2 billion 2013

Abbott \$1.5 billion 2012

Eli Lilly \$1.42 billion 2009

Merck \$950 million 2011

Amgen \$762 million 2012

AstraZeneca \$520 million 2010

Purdue Pharma \$360 million 2018

Purdue Pharma \$270 million 2019
